

MINWAX® Technical Data Sheet
MINWAX® Hardwood Floor Cleaner

DESCRIPTION:

Minwax Hardwood Floor Cleaner is a pre diluted, everyday cleaner specifically designed to remove dirt and grease from finished wood and laminated floors without leaving any soap residue. Regular use of the Hardwood Floor Cleaner will keep hardwood floors looking beautiful.

RECOMMENDED USE:

Designed for use on all types of finished, interior wood and laminated floors. Use regularly to clean food spills and other household dirt and grime. Not for use on waxed, oiled, shellacked, or unfinished wood surfaces.

SURFACE PREPARATION:

Floor surface must be finished interior wood and/or laminate that is not waxed, shellacked, or oiled.

APPLICATION NOTES:

- 1) Sweep or vacuum floor to pick up loose dirt and debris.
- 2) Pull nozzle on cap to open. Use Minwax Hardwood Floor Cleaner directly from the bottle. No mixing, diluting, or rinsing is needed.
- 3) Squirt cleaner lightly in an "S" pattern directly onto floor in a 3 to 4 foot area.
- 4) Mop floor, using a damp, well wrung-out mop. Rinse mop as needed during cleaning to remove any excess dirt from the mop.

Read all label directions and cautions carefully before use.

MAINTENANCE:

- Use Minwax Hardwood Floor Cleaner frequently as part of your regular cleaning routine.
- Use doormats and area rugs by door entries to help keep dirt, sand, and grit from entering the house.
- Install furniture glides to protect against scratches and gouges.

SAFETY:

KEEP OUT OF REACH OF CHILDREN

PHYSICAL PROPERTIES:

		Testing method:
Resin type:	N/A	
Solvent:	None	
Odor:	Citrus	
No. of coats:	N/A	
Dry-time:	N/A	
pH:	7.0	
Flash point:	N/A	SETAFLASH* ASTM D 3828
Applicator:	Soft, lint-free cloth or a sponge	
VOC (grams/liter):	89	ASTM D 3960
Coverage (sq. ft./bottle):	N/A	
% Solids:	1.0	ASTM D 2369
Specific gravity:	1.0	ASTM D 1475
Pounds/gallon:	8.33	
Viscosity (centipose):	Water thin
