

GENERAL DESCRIPTION

Valspar All-in-One Wood Prep cleans, brightens and removes stains before staining and waterproofing for best results.

PRODUCT FEATURES

- Prepares the surface by restoring wood's natural color and beauty
- Eliminates tannin stains, rust stains and mill glaze

RECOMMENDED USES

Decks, fences, outdoor furniture and other exterior wood surfaces.

COMPOSITION

Base and Fill Levels (oz./gal.)

All-in-One Prep (VL1028046-16)	128
(VL1028047-02)	320

BEFORE APPLICATION

- Use in a well-ventilated area and only as directed.
- A trial patch is recommended before starting. Test on an inconspicuous area before applying to entire surface.
- **DO NOT MIX WITH ANY OTHER PRODUCTS**, especially those containing chlorine or bleach (sodium hypochlorite).
- Avoid spraying on windy days.
- Prior to spraying, close all windows and doors around area in which you are working
- Remove all deck furniture and decorative items that could come in contact with Valspar® All-In-One Wood Prep. **Do not allow product to come in contact with painted or finished surfaces that you do not intend to restore.**
- Saturate the ground around plants and shrubs with fresh water prior to application. Then cover all plants and shrubs to protect them from overspray. Uncover promptly after use.
- Wear a long-sleeved shirt, pants, **eye protection and rubber gloves.** Do not allow Valspar® All-In-One Wood Prep to come in prolonged contact with clothing, carpet or fabric as damage may occur.
- Remove any loose dirt and debris from wood. If wood is extremely dry or in direct hot sunlight, wet with water.
- Plan the application: for horizontal surfaces, work backwards so that you do not walk on the surface being treated. For vertical surfaces, work from the bottom up. Treat small areas at a time.
- Exercise caution when working on wet surfaces, as they tend to be slippery.

APPLICATION

1. Add contents of container to a plastic bucket or plastic pump up sprayer. Do not use a metal container. Do not thin.
2. For ease of application, apply Valspar® All-In-One Wood Prep with a pump-up sprayer, or use a synthetic bristle brush or roller.
3. Apply to no more than 5-10 boards (20 sq. ft) at a time to maintain adequate surface wetness and to allow best results. **Immediately and thoroughly rinse any overspray or accidental spills with water.**
4. Allow Valspar® All-In-One Wood Prep to remain on wood for 10-15 minutes. For best results, lightly scrub surface with a stiff, synthetic bristle brush. Do not let Valspar® All-In-One Wood Prep completely dry during application.
5. Thoroughly rinse the surface with a garden hose or pressure washer, removing all residue. After rinsing the surface, be sure to saturate the ground around plants and shrubs with fresh water.
6. Stubborn stains or missed areas may need to be scrubbed with additional Valspar® All-In-One Wood Prep and rinsed again.

CLEANUP

Rinse equipment and brushes thoroughly with soap and water.

YOUR CLEAN WOOD WILL NEED PROTECTION FROM WATER DAMAGE AFTER CLEANING

Wait 2-3 days, depending on weather conditions, for the wood to dry thoroughly before applying an oil-based waterproofer or stain. For products like Valspar® Exterior Stain & Sealers, you can apply the waterproofer after only a few hours. Use Valspar® Exterior Stain & Sealers to protect your wood from the elements and provide the highest level of waterproofing protection available.

COVERAGE

Coverage: Approximately 150-250 sq. ft. per gallon depending on the condition and porosity of the wood.

REGULATORY COMPLIANCE

Current as of: 6/26/2018	
SCAQMD	Yes
CARB 2000 SCM	Yes
CARB 2007 SCM	Yes
