RECOMMENDED USES

Decks, fences, outdoor furniture and other exterior wood surfaces.

COMPOSITION

Base and Fill Levels
(oz./gal.)

Wood Cleaner
(VL1028048-16)

128

BEFORE APPLICATION

- **This product is corrosive. Handle with care.**
- A trial patch is recommended before starting. Test on an inconspicuous area before applying to entire surface.
- Product can be applied to dry or damp wood.
- Avoid spraying on windy days.
- Prior to spraying, close all windows and doors around area in which you are working.
- Remove all deck furniture and decorative items that could come in contact with Valspar® Wood Cleaner. **Do not allow product to come in contact with aluminum, glass, painted or finished surfaces that you do not intend to restore.**
- Saturate the ground around plants and shrubs with fresh water prior to application. Then cover all plants and shrubs to protect them from overspray. Uncover promptly after use.
- Wear a long-sleeved shirt, pants, **eye protection and rubber gloves.** Do not allow Valspar® Wood Cleaner to come in prolonged contact with clothing, carpet or fabric, as damage may occur.
- Valspar® Wood Cleaner may slightly darken Redwood. To brighten wood after cleaning with Valspar® Wood Cleaner, use Valspar® All-In-One Wood Prep.
- Plan the application: for horizontal surfaces, work backwards so that you do not walk on the surface being treated. For vertical surfaces, work from the bottom up. Treat small areas at a time.
- Exercise caution when working on wet surfaces, as they tend to be slippery.

APPLICATION

1. Add contents of container to a plastic bucket or plastic pump up sprayer. Do not use a metal container.
2. For ease of application, apply Valspar® Wood Cleaner with a pump-up sprayer, or use a synthetic bristle brush or roller. If you are using a pump-up sprayer, use a coarse spray. Do not breathe spray mist. Do not apply to an area larger than you can work on within 10-15 minutes. **Immediately and thoroughly rinse any overspray or accidental spills with water.**
3. **Wait 10-15 minutes** and then scrub the surface with a synthetic, stiff bristle brush (do not use a wire or natural bristle brush) to remove any stain or finish that does not immediately come up. Do not let Valspar® Wood Cleaner completely dry during application. If it does dry, re-wet surface with a garden hose. Keep the brush wet to help in cleaning
4. If stubborn areas remain, repeat the application in those areas.
5. Thoroughly rinse the surface with a garden hose or pressure washer, removing all residue. After rinsing the surface, be sure to saturate the ground around plants and shrubs with fresh water.

CLEANUP

Rinse equipment and brushes thoroughly with soap and water.

YOUR CLEAN WOOD WILL NEED

PROTECTION FROM WATER DAMAGE AFTER CLEANING

Wait 2-3 days, depending on weather conditions, for the wood to dry thoroughly before applying an oil-based waterproofer or stain. For products like Valspar® Exterior Stain & Sealers, you can apply the waterproofer after only a few hours. Use Valspar® Exterior Stain & Sealers to protect your wood from the elements and provide the highest level of waterproofing protection available.

COVERAGE

Approximately 100-250 sq. ft. per gallon depending on the condition and porosity of the wood.

REGULATORY COMPLIANCE

Current as of: 6/26/2018

SCAQMD	Yes
CARB 2000 SCM	Yes
CARB 2007 SCM	Yes
OTC/LADCO	Yes
US National	Yes

CAUTION

DANGER! Contains Sodium Carbonate and Sodium Metasilicate. **KEEP OUT OF THE REACH OF CHILDREN.** Harmful if inhaled. Causes eye, skin and respiratory tract burns. Use only with adequate ventilation. Do not breathe spray mist. Avoid contact with eyes, skin and clothing. Wear protective equipment during application, including acid resistant rubber gloves, goggles, boots, dust mask and other appropriate clothing. Wash thoroughly after handling. **DO NOT TAKE INTERNALLY. Do not mix with other products or chemicals such as peroxides or alkalines, as this will release hazardous gases.**
First Aid: Eye Contact: Flush thoroughly with water for at least 15 minutes. If irritation persists, get medical attention.* **Skin Contact:** Flush skin thoroughly with soap and water for at least 15 minutes. If irritation persists, get medical attention.* Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean contaminated shoes. **If Inhaled:** If affected by spray mist, move to fresh air. If breathing difficulty continues, get medical attention.* **If Swallowed:** Give large amounts of water immediately. Do not induce vomiting. Get medical attention immediately.* Call poison control center, hospital emergency room or physician immediately. COR SPL 9.1
