

# Valspar® Fast Acting Deck Cleaner

VL1031381-16

## GENERAL DESCRIPTION

Valspar Fast Acting Deck Cleaner cleans and refreshes exterior surfaces by removing dirt, mold and mildew stains in just 10 minutes. This ready-to-use cleaner works on most exterior surfaces. Use before staining for truer color and more lasting protection.

## PRODUCT FEATURES

- Removes dirt, mold and mildew stains
- Fast-acting cleaner; wash off after 10 minutes
- Ready to use – no mixing required
- Use before applying stains or sealers
- Cleans and refreshes exterior surfaces including wood decks, composite decks, concrete patios and pavers

## RECOMMENDED USES

Wood decks, siding, fences, railings, steps and most exterior surfaces including concrete, brick, tile, stucco and composite decks

## COMPOSITION

Base and Fill Levels  
(oz./gal.)

Fast Acting Deck Cleaner  
(VL1031381-16)

128

## BEFORE APPLICATION

- Test in a small, inconspicuous area before applying to entire surface
- Remove all deck furniture and decorative items that could come into contact with Valspar Fast Acting Deck Cleaner
- Do not allow product to come into contact with metal and painted or finished surfaces, as it may cause spotting or discoloration
- Protect shrubs: Wet down with water and cover with plastic. Hose off shrubs when job is done
- Cover delicate vegetation to prevent damage
- **SHAKE WELL BEFORE USE**

**IMPORTANT:** Always wear safety goggles or a face shield, rubber gloves, protective clothing and footwear when spraying.

**IMPORTANT:** When applying and rinsing product, walking surfaces, ladders and scaffolding may become slippery. Rinse all such surfaces thoroughly to remove overspray.

## APPLICATION

**APPLY LIBERALLY** to problem surfaces using a brush or pump sprayer. Do not apply to hot surfaces. If the surface is too hot to touch, mist the surface with water before applying cleaner. To avoid nonuniform appearances on vertical surfaces, start at the bottom, doing a small section at a time and continue to the top, being sure to rinse thoroughly. **LET SET 5-10 MINUTES.**

Cleaning action will start within minutes. Stubborn areas may require scrubbing with a stiff bristle brush. If surface begins to dry too quickly, lightly mist with water. **RINSE surface thoroughly before staining.** Use a garden hose with nozzle at maximum pressure or a high-pressure power washer. Scrubbing with a stiff bristle brush while rinsing may be needed. Repeat procedure if necessary. **FOR COMPOSITE DECKS,** apply liberally and scrub with a stiff bristle broom or deck brush. Rinse thoroughly after cleaning.

**IMPORTANT:** Allow cleaned surfaces to dry completely before staining or painting. Do not apply this product when temperatures are below 50°F (10 °C).

## CLEANUP

Rinse equipment and brushes thoroughly with water.

## YOUR CLEAN WOOD WILL NEED PROTECTION FROM WATER DAMAGE AFTER CLEANING

Wait 2-3 days, depending on weather conditions, for the wood to dry thoroughly before applying an oil-based waterproofer or stain. For products like Valspar® Exterior Stain & Sealers, you can apply the waterproofer after only a few hours. Use Valspar® Exterior Stain & Sealers to protect your wood from the elements and provide the highest level of waterproofing protection available.

## COVERAGE

**Coverage:** Approximately 250-350 sq. ft. per gallon depending on the condition and porosity of the wood.

## REGULATORY COMPLIANCE

Current as of: 6/16/2020

SCAQMD	Yes
CARB 2000 SCM	Yes
CARB 2007 SCM	Yes
OTC/LADCO	Yes
US National	Yes
